Big Messages from Haiti/Chile EQs

- Issues Surrounding Urban Disasters impact Rapid Response
- Need for Speed
- Response Capacity will not be the same for every event
Most Surprising Outcomes

• People did not Riot in Haiti as many stated (early on) would happen.
• Not all Relief Workers are prepared to Respond in a self sufficient manner
• There were not more deaths in Chile (following the 8.8 EQ).
Advice for Future EQs

• Not all EQ impacts and needs will be similar to Haiti
• Do Not deploy as a Relief Worker unless you are Self Sufficient
• Push VS. Pull
• Do not send Relief Items not requested by Relief Professionals (Red Bull/Potato Chips).
