| 9:25 am| **Call to order and welcome**  
*John Burris, committee chair*                                                                 |
| 9:30 am| **U.S. NRC’s program for keeping nuclear power plant offsite doses as low as reasonably achievable (ALARA)**  
*Steven Schaffer, senior health physicist, Office of Nuclear Regulatory Research* |
| 9:50 am| **Questions and discussion**                                                                       |
| 10:00 am| **Radiological Environmental Monitoring Program at Exelon Nuclear**  
*Willie Harris, director, Radiation Protection, Exelon nuclear; Ronald Chrzanowski, Corporate Chemistry Manager, Exelon Nuclear* |
| 10:20 am| **Questions and discussion**                                                                       |
| 10:30 am| **Health concerns and data around the Illinois nuclear power plants**  
*Joseph Sauer, MD, practicing physician, Illinois*                                                |
| 10:50 am| **Questions and general discussion**                                                                |
| 11:00 am| **BREAK**                                                                                         |
| 11:15 am| **The North American Association of Central Cancer Registries (NAACCR)**  
*Betsy Kohler, executive director, NAACCR*                                                        |
| 11:35 am| **Questions and discussion**                                                                       |
| 11:45 am| **Childhood cancer: current knowledge and challenges in studying risk factors**  
*Julie Ross, professor and director of the Division of Pediatric Epidemiology &* |
Clinical Research, University of Minnesota

12:05 am Questions and general discussion
12:15 am Introduction to working group sessions
   Plenary session concludes
   John Burris, committee chair

WORKING GROUP CONCURRENT SESSIONS
Salon II: Dosimetry
Salon IV: Registry, Epidemiology/Statistics

Dosimetry working group
Led by Andre Bouville, National Cancer Institute (retired)
Invited expert: John Till, Risk Assessment Corporation

1:05 pm Introduction of the panel and invited experts
   Andre Bouville, National Cancer Institute (retired)

1:10 pm U.S. NRC
   Steven Schaffer, senior health physicist, Office of Nuclear Regulatory Research;
   Richard Conatser, health physicist, Office of Nuclear Reactor Regulation

2:00 pm Exelon
   Willie Harris, director, Radiation Protection, Exelon nuclear; Ronald Chrzanowski,
   Corporate Chemistry Manager, Exelon Nuclear

2:50 pm General Discussion

3:05 pm BREAK

3:20 pm Challenges for the historical dose reconstruction of US nuclear power plants
   (round table discussion)
   John Till, president, Risk Assessment Corporation

3:45 pm General discussion

5:00 pm Dosimetry working group session concludes

Registry working group
Led by Margaret Karagas, Dartmouth Medical School
Invited expert: Julie Ross, University of Minnesota

1:00 pm Introduction of the panel and invited experts
   Margaret Karagas, Dartmouth Medical School

1:05 pm North American Association of Central Cancer Registries (NAACCR)
**PUBLIC COMMENTS SESSION, Salon II**
